

XVII International Accounting Research Symposium

Current Trends in Accounting Research

Director: Prof. Leandro Cañibano
Coordinator: Prof. Beatriz García Osma

FUNDACIÓN
RAMÓN ARECES

July 5-7, 2023

Objective and Introduction

The Symposium is addressed to PhD students, early-stage faculty and researchers in Accounting and Finance. It represents a unique opportunity to attend lectures by expert faculty, and also, to interact with colleagues and receive feedback both on developed (papers) and developing projects (early-stage ideas).

Faculty

The invited faculty are:

- Prof. [Hans B. Christensen](#) (University of Chicago).
- Prof. [Martine Cools](#) (KU Leuven).
- Prof. [Miguel Duro](#) (IESE Business School).

In addition, we will host presentations by participants, whereby preference for presentation will be given to proposals closely linked with the topics of the presenters as well as to early stage faculty and PhD students.

Presentations by participants

Participants are invited to present their papers or ideas, particularly, on topics linked to the areas discussed by the Faculty. All participants are thus encouraged to submit their own research for presentation at the symposium. Papers linked to the areas discussed by the speakers and by early-stage researchers will be given preference. There will be, after each presentation, sessions dedicated to participants' presentations, chaired by the professor leading the session, jointly with Prof. [Beatriz García Osma](#). These sessions will be attended by diverse Faculty from the Symposium as well as from both UAM and UC3M. The Symposium will also benefit from the presence of the co-editor of Accounting and Business Review, Prof. [Juan Manuel García Lara](#) (UC3M), and the editor of the Spanish Journal of Finance and Accounting, Prof. [Jacobo Gómez Conde](#) (UAM).

Registration and Fees

Registration is free of charge and open until June 25, 2023.
